I have been to so many chiropractors. Peak Performance is the most comprehensive care I have received anywhere. Dr Kruzel changed my image of what a chiropractic office should be. With all the state of the art equipment, massage therapy and physical therapy, I was able to finally get my low back pain under control. I even saw their MD and he helped me with my low testosterone problem. Dr. Kruzel has a wonderful facility and he and his staff are truly professional.

My son is a 4 sport ball player - hockey, basketball, baseball, soccer. Dr. Kerry has adjusted his ankles, knees, neck and back. All I can say is if you want your kids to stay healthy GO SEE DR. KERRY!

Dr. Kruzell is amazing! Ive been experiencing lower back pain and low energy for some time now and he has really helped me through it. The adjustments and the B-12 injections have worked wonders for me. Dr. Kruzell is very kind, patient, and knowledgeable. Very professional and pleasant staff. I will happily recommend **Peak Performance** to my friends and family. GREAT experience!!!

I lost 40 lbs with the help of Peak Performance Healthcare. They treat my Low Testosterone and gave me B-12 injections and well as a great Diet Plan. They gave a a choice of diets that suits my needs. I went with the Medifast diet and it has been a lot easier than I thought it would be. It's not really a diet but a lifestyle change. Goodbye Fat Hello Fit! They also used the ALCAT food sensitivity test to see which foods were leading to chronic inflammation of my digestive system. hard to lose weight if your body does not like the foods your are eating. I would have never known.

I have been seeing chiropractor's off and on for over 30 years and rate Dr. Kruzell at the top of the list. I could not look over my shoulder to check the blind spot while driving before visiting Dr. Kruzell. After reading some of the reveiws I believe WEIGHT LOSS is next on the agenda.
